

PERFORMANCE HIGHLIGHTS

63% Growth in EBIDTA

58% Growth in Total Income

75% Growth in PAT

Dear Shareholders,

I have great pleasure in addressing all of you in your company's "Silver Jubilee Year".

The FY 2009-10 continued under the throes of the global financial crisis and economic slowdown and the later part of the year revived and showed positive trends. The Indian economy however achieved significant growth with a growth rate of 8 % compared to many other economies. The Indian economy on account of policy emphasis on infrastructure is expected to grow at higher scales in future.

Performance and Leadership

Your company continued its robust growth during FY 2009-10;

- Total Income grew by 58 % to Rs.3092.07 crore.
- EBIDTA grew by 63 % to Rs.348.04 crore.
- Profit after tax grew by 75 % to Rs.201.02 crore.
- EPS grew by 75 % to Rs.27.92.

Your Directors are pleased to recommend a dividend of Rs.7 per share, which is more than double of last year's dividend.

Your Company has secured two prestigious BOP contracts for construction of 4 X 500 MW at an aggregate value of Rs.3268 crores. The proven delivery and execution of 500 – 600 MW projects by your company firmly established and reinforced your company's market leadership in Indian power sector, next only to BHEL.

Strategic and Historic Steps

Your Company has recently entered into strategic technology tie-up and Joint Venture collaboration with;

- Technology Transfer from Nooter / Eriksen, Inc., USA for Heat Recovery Steam Generator.
- Joint Venture with Hitachi Power Europe GmbH, Germany for Super-critical Steam Generators upto 1100 MW and Sub-critical Boilers.
- Joint Venture with Hitachi Limited, Japan for Super-critical Steam Turbines and Generators upto 1000 MW.

In both Joint Venture with Hitachi, your company will hold majority stake. In this year of crossing a landmark, I take pride, of course with all humility, in sharing with you all, Your company has truly become a full service Engineering Procurement Construction (EPC) company with capability to design and manufacture most of the power equipment, including Steam Generator, Steam Turbine & Generator and civil works for power projects upto 1000 MW capacity. This strategic position will enable your Company to offer the entire value chain in EPC contracting business in Indian power industry, significantly contributing to the power sector development.

Looking Forward to Exciting Times

The Indian economy with its strong fundamentals, has managed to tide over the global downturn with greater resilience as demonstrated by its continued growth in GDP. The initiatives undertaken by the Government to develop the infrastructure in the country in general and Power sector, in particular will play a critical role.

During XII and XIII Plan periods, the power sector is poised for rapid growth. As part of the plan to shift to energy saving super critical technology with lower emissions, the share of super critical thermal power projects will see dominant share of growth. This offers excellent business opportunities and your company has taken upon itself ambitious growth targets. I am, with the support and guidance of my colleagues on the Board and Management team, confident of realizing them in view of opportunities in the Indian power sector and your company will play a significant role in this core sector of the economy.

I would like to heartily thank the Board of Directors, team of employees led by top management, our foreign collaborators, customers, bankers, vendors and, lastly but chiefly, the shareholders in enabling your company to achieve profitable and sustained growth.

I look forward to yet another exciting year ahead.

Your directors, after taking into account the financial results of the Company during the year, recommend payment of a dividend of Rs. 7/- per equity share of Rs.10/- each for the FY 2009 - 10. Your directors wish to carry an amount of Rs. 121.95 crore to the Balance Sheet after appropriation towards dividend, corporate dividend tax and transfer to general reserves.

BUSINESS PERFORMANCE

During the year under review, the Company's operations continued to grow by registering all round growth in turnover, profit and other key performance indicators.

A brief overview of the significant operational and business developments in various businesses / projects are given below;

- i) During the FY 2009-10, your Company secured 2 major EPC contracts for BOP;
 - (a) 2 X 500 MW Chandrapur Super Thermal Power Station (STPS) Expansion Project from Maharashtra Power Generation Corporation (MAHAGENCO) valued at Rs. 1635 Crore. This is the second order received by the Company from MAHAGENCO.
 - (b) 2 X 500 MW Marwa Thermal Power Project of Chattisgarh State Power Generation Company valued at Rs. 1633 Crore.
- ii) Your Board is pleased to inform that the 500 MW BOP for Vijayawada Thermal Power Station achieved plant synchronization on April 6, 2009 and the unit has commenced commercial operation on January 27, 2010. The 500 MW BOP for Kakatiya Thermal Power Project achieved synchronization on March 31, 2010. The 500 MW Khaperkheda Project is progressing well.
- iii) The boiler drum lifting was successfully completed for the 600 MW EPC Contract for Mettur in a record time of 107 working days.
- iv) Air Fin Cooler division has achieved highest order booking of Rs. 189 Crore during 2009-10 as against the order booking of Rs. 39 Crore in the previous financial year. The turnover of the division during 2009-10 was Rs. 81 Crore as against Rs. 109 crore last year due to recession and oil crisis. During the year the division received breakthrough orders from GASCO, Abu Dhabi and Petronet LNG Limited, marking significant entry into LNG Field.
- v) Oil & Gas equipment division has set up a new manufacturing facility as a 100% Export Oriented Unit at Pudhuvoyal Village to service international markets.

- vi) Environmental Engineering division has secured vendor registration with BHEL, LANCO, L&T, MAHAGENCO etc., for Condensate Polishing Unit (CPU) based on the license agreement with Termomeccanica Ecologia, Italy. A maiden order for Rs. 18 Crore was secured from BHEL for CPU. The division also commissioned the Veerapandi Reverse Osmosis plant, during the year.
- vii) Electrical projects division has completed supplies for its first major order for Gas insulated switchgear from TNEB. During the year 2009-10, the division has secured an order for turnkey execution of gas insulated substations for Mettur Thermal Power station. Another significant breakthrough was in the Optic Ground Wire (OPGW) market with an order for Rs. 98 Crore from Powergrid Corporation for building Optic Fibre network for 4500 kms across major Northern States. The division has also secured a turnkey contract from Nuclear Power Corporation of India Limited, for implementation of 415 V Motor Control Centers (MCC) for Bharatiya Nabhikiya Vidyut Nigam Limited (BHAVINI) and the 500 MW Prototype Fast Breeder Reactor (PFBR) project at Kalpakkam, Chennai.
- viii) A MoU was signed in April, 2010 by your Company with the Government of Orissa for setting up of 2 X 660 MW Power Plant in Nayagarh District, State of Orissa. The proposed independent power project will be implemented through a special purpose company.

STRATEGIC INITIATIVES

Your Company has entered into technology transfer tie-ups with reputed international players for state-of-art technology during the year.

Nooter/Eriksen, Inc., USA

Your Company entered into a License and Technology Transfer Agreement with Nooter / Eriksen, Inc., USA for Transfer and Licensing of technology for Heat Recovery Steam Generator (HRSG), more commonly known as Heat Recovery Boiler. The agreement grants to the Company license to manufacture and sell HRSGs in India, Sri Lanka and Bangladesh.

Hitachi Power Europe GmbH, Germany

A Technical Collaboration Agreement has been entered into between BGR Boilers Private Limited, your Company's subsidiary and Hitachi Power Europe GmbH, Germany for transfer of technology relating to 660 MW, 800 MW, 1000 MW and 1100 MW Supercritical Steam Generator and subcritical Boilers.

Hitachi Ltd., Japan

Technical Collaboration Agreement has also been entered into between your Company's subsidiary, BGR Turbines Company Private Limited and Hitachi Ltd., Japan for transfer and licensing of technical know-how relating to 660 MW,

800 MW and 1000 MW Supercritical Steam Turbine and Generators. The feasibility study on capital expenditure, funding pattern, project cost and other aspects are under evaluation.

With these strategic alliances, linkages and relationships and the setting up of manufacturing facilities for power equipment, your Company will be in a position to offer the entire value chain in EPC contracting in Indian market.

INDIAN MARKET SCENARIO

The power sector is expected to continue in its high growth trajectory during the XII and XIII Plan periods as the government accords high priority to infrastructure development in general and power sector in particular. With the policy shift to energy-saving technology and lower emissions, the share of thermal projects based on supercritical technology will witness higher capacity addition.

The Indian government's continuous effort to meet the ambitious goals of the XI plan has given an impetus to the current power scenario and has provided significant stimulus and hope that we might reach the 1000 units per capita consumption of electricity by the year 2012.

The entire value chain of the power sector has been dominated by the Central & State utilities having 49.8 GW and 76.6 GW capacity respectively out of the overall national capacity of 152 GW. The private sector stands at 25.8 GW but infact growing.

During the year, the CEA guidelines for BOP contractors were significantly revised to encourage more players in the market. The new guidelines have enabled major construction companies and BOP package vendors to come together to form a consortium and bid for a project. The EPC space on the other hand is still limited to a few players as the prequalification requirements are still a barrier to many companies.

The private sector has become really aggressive in putting up power plants due to the easy availability of funds from financial institutions and the government policy to welcome investments from the private sector. This has increased the number of tenders being floated. Most private companies are shying away from the package route and are now more open towards the twin package or the total EPC route which provides opportunities for the Company.

The Ministry of Power has set the goal of "Power for all by 2012". The recent policy statement of the Government of India anticipates that capacity addition during the XI plan is likely to be 62,374 MW as against the target of 78,700 MW. As a result of lower capacity addition, the power sector is expected to grow by 9.5%. The additional requirement of power during XII plan is expected to be about 1,07,000 MW of which thermal power plants of 50,506 MW are under execution. The revision in mega power plant policy is likely

to result in lower cost of generation. The share of private players in generation has also increased considerably.

FUTURE OUTLOOK AND STRATEGY

In the light of strong growth of the Power sector, your Company is uniquely placed as a complete EPC solution provider and has the capability to provide "in-house" close to 90% of the products pertaining to power plant. Your Company is in the process of significantly increasing its engineering capabilities in the form of new facilities, manpower addition, technology transfer and skills training so as to imbibe all the engineering aspects of various equipment/packages and not depend on third party engineering consultants. This would enable your Company to provide better monitoring of quality, better engineering and innovation thereby providing greater value to the customer at very competitive prices.

With the technology tie-up for supercritical technology, your Company will be the third company in India to provide a complete solution for EPC package for Supercritical technology.

The number of EPC players for power plants in India are few and with your Company's enviable track record in recent ICB's & NCB's, your Company is able to offer better value proposition to its clients and thereby gain a significant market share. This will enhance your Company's position and image in the market and enable it to secure major BTG packages being tendered by NTPC and other private companies for supercritical technology.

PERFORMANCE OF SUBSIDIARY

Your company's subsidiary, Progen Systems and Technologies Limited, engaged in the business of manufacture of Welded Finned Tubes and Pressure Vessels for power and process industries, has recorded a turnover of Rs. 6.92 crore and net profit of Rs. 0.43 crore for the year ended March 31, 2010. Statement under Section 212 of the Companies Act, 1956 is attached to this report.

HUMAN RESOURCES

Your Company during the year has augmented its highly competent human resources which is considered critical to support the current growth momentum of your Company. This has been facilitated through talent recruitments and Employee Referral Scheme. Your Company witnessed a growth of 23% in human resources during the financial year 2009-10 through addition of 669 employees and the current employee strength is over 1700.

EMPLOYEE STOCK OPTION SCHEME

Disclosure in respect of Employee Stock Option Scheme ("ESOS") 2007 is given in Annexure - I of this report.

DISCLOSURES

The information pursuant to Section 217 (1) (e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of the Board of Directors) Rules, 1988 with respect to conservation of energy are not applicable to your company. The particulars relating to technology absorption are enclosed as Annexure - II of this report. During the FY 2009 - 10, the foreign exchange earnings and outgo were Rs. 337.60 crore and Rs. 995.97 crore respectively.

The particulars required under Section 217 (2A) of the Companies Act, 1956 and the Rules made thereunder have not been enclosed as part of this Report. Copies of the same are available at the registered office of the Company for inspection by members. Any member who is interested in obtaining a copy of the same may contact the Company Secretary of the Company.

BOARD OF DIRECTORS

Mrs. Sasikala Raghupathy and Mr. Heinrich Bohmer, Directors, retire by rotation and being eligible for re-appointment, offer themselves for re-appointment. The Board recommends their re-appointment. Profile of these directors are given in the Notice convening the 24th Annual General Meeting of the Company.

On 5th February, 2010, Mr. A. Swaminathan has been co-opted as an additional director on the Board and he retires at the forthcoming Annual General Meeting and seeks appointment in terms of Section 257 of the Companies Act, 1956. They have offered themselves for re-appointment as statutory auditors and have confirmed that their appointment, if made, would be within the prescribed limits under Section 224 (1B) of the Companies Act, 1956.

CORPORATE GOVERNANCE

The Company complies with the principles of Corporate Governance as set out in Clause 49 (with the exception of Clause 49 I (A) relating to composition of the Board of Directors)

of the Listing Agreement continuously and your Directors are pleased to attach a report on Corporate Governance together with the following Certificates / declarations.

- a) CEO and CFO certificate.
- b) Declaration on code of conduct.
- c) Certificate from the Company's Auditors.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management Discussion and Analysis on business and operations of the Company is attached to this report.

ACKNOWLEDGEMENTS

Your Directors express their appreciation of the valuable support and co-operation received from customers, consortium of banks, vendors, investors, statutory authorities and business associates. Your Directors place on record their sincere appreciation of the contribution made by the employees of the Company at all levels through their hard work, dedication and support.

MANAGEMENT DISCUSSION & ANALYSIS

1. ORDER BOOKING FOR 2009-10

During the year under review the Company bagged two prestigious BOP contracts for construction of 4 X 500 MW units for aggregate value of Rs.3268 Crores (2 x 500 MW Chandrapur TPS from MAHAGENCO and 2 x 500 MW Marwa TPP from Chattisgarh State Powergenco). The order from MAHAGENCO which is their second similar order shows their confidence reposed in our capability and paves the way for our position as a leading EPC company for large power plants. The two large EPC contracts secured in 2008-09 from RRVUNL and TNEB and other contracts are being executed satisfactorily.

2. ECONOMIC SCENARIO

The year 2009-10 continued under the throes of the global financial crisis and economic slowdown, though the later part of the year showed significant revival. The Indian economy however achieved significant growth compared to many other economies. Economic experts have predicted that the Asian economy in general and the Indian economy in particular will grow much faster in the next few years. Given the economic environment and the policies of the Union government, the Indian economy is expected to achieve robust growth and provide conducive environment and fillup to various sectors of the Indian Economy.

3. INDIAN POWER SECTOR & BUSINESS OUTLOOK

With the ambitious target for the XII plan and the XIII plan the power sector is poised for rapid growth. Considering the growing demand for power and projects under construction and the completion of projects until the middle of the XI plan period the capacity addition in the power sector is bound to grow. As part of the plan to shift to energy saving technology and lower emissions, the share of super critical thermal power projects will rise. This offers excellent business opportunities to the company to secure large EPC and BOP contracts. Given the thrust of the Union Government to encourage Domestic Equipment Manufacturers and the many initiatives taken, the company is poised for rapid growth in future years.

4. REVIEW OF OPERATIONS

The construction and EPC segment has achieved 68 % growth in terms of sales. The order book of the capital goods segment is quite healthy, and offers good growth opportunities for 2010-11. The company has augmented various resources required for timely completion of contracts including equipment and manpower.

The Vijayawada Thermal Power Station 500 MW BOP contract from APGENCO executed by the Power Projects Division which was synchronized in April 2009 is currently operating at its peak capacity. In the

case of Kakatiya Thermal Power Plant 500 MW BOP, the plant was synchronized in March 2010. Various other contracts of large size power plants are under execution. The contract execution by the Chinese BTG vendor has been satisfactory and the company is confident of completing the two EPC contracts as per contractual conditions.

The Air Fin Cooler Division achieved a turnover of Rs.81 crores during 2009-10 and has booked new orders valuing Rs.189 crores which is the largest order booking by the division in any financial year so far. The division hopes to significantly increase its turnover during 2010-11.

The Environmental Engineering Division has commissioned large Effluent Treatment Plants in Tirupur. The division has received a maiden order for Condensate Polishing Unit (CPU) based on strategic Technical Collaboration and License Agreement with Termomeccanica. The division also commissioned the DM plant for a 2 x 525 MW power plant as per contract schedule.

6. FINANCIAL HEALTH

The gearing ratio and the liquidity of the company continue to be healthy. The relationship with banks and stakeholders were healthy. The company took several strategic initiatives to gain from interest arbitrage advantages thus reducing the cost of borrowings. The prudent financial management helped the company to bring about overall improvement in profitability and other financial ratios.

7. STRENGTHS, OPPORTUNITIES & THREATS

- Past track record of successful execution of large contracts.
- In-house Design and Engineering capability.
- In-house Packages of equipments manufacture.
- Capability to manage multiple Projects simultaneously.
- Professional management and expertise in project management.

The company is well positioned and gearing up its competence and competitiveness to take up large sized turnkey contracts and to meet future challenges and competition and meet the country's requirements.

8. RISK MANAGEMENT

The nature of business of the company is such that it is exposed to certain risks. M/s. Deloitte Haskins & Sells who have completed risk management assignment framework has identified categories of risks and graded them according to their intensity. Some of the critical risks faced by the Company are (a) risk of fixed price contracts, (b) risk of quality issues arising from customizing standard design of BTGs supplied by third party vendor, (c) over dependence on few vendors for critical supplies (d) risk of non-availability of raw materials and components at competitive prices, (e) non availability of skilled manpower / failure to retain skilled employees; and other inherent risk in contracting business. The company is evaluating these risks periodically and taking several mitigation management measures. A risk management committee will be constituted shortly.

In addition, detailed reviews are done by the Audit Committee and Board quarterly apart from a 4-tier audit system. This is supplemented by SAP inputs already implemented across many modules.

9. AUDIT & INTERNAL CONTROL SYSTEM

As part of the 4 tier audit system, the company has in-house Systems Auditor and Works Auditor. For each division, an external firm of Auditors carry out the Internal Audit. For the Power Projects Division separate external firm of Chartered Accountants carry out the internal audit for each contract. The well defined audit plan is approved by the Audit Committee. In addition, payments are subjected to pre-audit. The statutory auditor reviews the entire audit and control systems. The Chairman of Audit Committee and the Finance Department review the reports of the internal auditors, pre auditors and in-house auditors in detail and the

summary is submitted to the audit committee once in a quarter. The present internal control and audit systems are considered to be adequate.

10. NEW INITIATIVES

- License and Technology transfer agreement was entered into with M/s. Nooter/ Eriksen, USA for design, manufacture and sale of Heat Recovery Steam Generator. The collaboration agreement is initially for 15 years covering transfer of know-how, technical information and training.
- The Company through its majority owned subsidiary Company viz., BGR Turbines Company Private Limited entered into Technical Collaboration agreements with Hitachi Ltd., Japan for 660 MW, 700 MW, 800 MW and 1000 MW Supercritical Steam Turbine and Generator.

14. ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Conventions

The financial statements have been prepared under the historical cost convention and following the accrual method of accounting in accordance with the applicable mandatory accounting Standards notified by the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of Companies Act, 1956.

b. Use of Estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting year. Differences between the actual results and the estimates are recognized in the year in which the results are known / materialized.

c. Fixed Assets

Fixed assets are assets held with the intention of being used for purpose of producing or providing goods and services and is not held for sale in the ordinary course of business. The Cost of Fixed assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost to bring the asset to the working condition for intended use. Further any trade discounts and rebates are deducted in arriving at the cost.

Intangible assets are identifiable non-monetary assets, without physical substance, held for use in the production or supply of goods or services, for rental to others, or for administrative purposes. The intangible assets are separately acquired and are capable of being measured reliably. The cost of intangible asset comprises the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost on making the asset ready for intended use.

d. Depreciation & Amortization

Fixed assets are depreciated as per straight line method on all assets in accordance with the rates prescribed under Schedule XIV of Companies Act, 1956. Intangible assets are amortized over a period of 5 years through Straight Line Method.

e. Investments

Long term investments are stated at cost less provision for diminution in value other than temporary, if any. Short term investments are valued at Cost or Fair Value whichever is lower.

f. Earnings Per Share (EPS)

The earnings considered in ascertaining the company's Basic EPS is the attributable net profit or loss to the equity shareholders as per AS-20 "Earnings per Share". The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the period. The Diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

g. Revenue Recognition

- i) Sales are accounted on basis of despatches.
- ii) Sales include equipment billed but despatch of which is withheld at the request of the customer.
- iii) In respect of Construction contracts, executed over a period of more than one financial year, the company recognizes revenue on the basis of percentage of completion method as per AS-7 (Revised) "Construction Contracts".
- iv) Construction contracts revenue is based on the ratio of cost incurred to date to total estimated cost and physical work done as estimated by the technical staff.
- v) Other Income – a) Interest income is accounted at applicable coupon rates on respective investments, on time basis. b) Dividend income is accounted as and when received.

h. Inventories

Raw materials, work in progress, consumables, stores and spares have been valued at cost, ascertained on weighted average basis. Work in progress value includes all direct costs and applicable production overheads to bring the goods to the present location and condition. Loose tools acquired during the year have been fully written off.

i. Foreign Currency Transactions

- i) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of acquisition. Monetary items are translated at the rates prevailing on reporting dates. The exchange difference between rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the reporting date is recognized as income or expense.
- ii) The company uses foreign exchange forward contracts to hedge its exposure to movements in foreign exchange rates. Forward contracts are not used for speculation purposes. The gain or loss on the forward contract is charged to the profit and loss account, proportionately over the duration of the hedge, in accordance with Accounting Standard 11 (Revised).

j. Cash Flows

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the company are segregated.

k. Income Taxes

Tax expense comprises of current tax, deferred tax and fringe benefit tax. Current tax is measured at the amount expected to be paid to the tax authorities. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between taxable income and accounting income which are capable of reversal in subsequent periods and are measured using relevant enacted tax rates.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company reviews the same at each balance sheet date and reverse the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

Tax on distributable profits payable by the company in accordance with the provisions of Income-tax Act, 1961 is disclosed in accordance with the guidance note on Accounting for Corporate Dividend Tax issued by ICAI.

l. Impairment of Assets

At every balance sheet date, the company determines whether the provisions should be made for the impairment loss on fixed assets by considering the indications that the carrying amount of the asset exceeds the recoverable amount as per recognition and measurement principles laid down in AS-28 "Impairment of Assets". For the purpose of impairment, assets are grouped as cash generating and non cash generating units for which there are separately identifiable cash flows.

m. Employee Benefits

- i) Short term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account for the year in which related services are rendered.
- ii) Defined Contribution plan:
Company's contributions paid/payable during the year towards Provident Fund, ESI and Medical coverage are recognized in the profit & loss account
- iii) Defined Benefit Plan:
Company's liability towards gratuity in accordance with The Payment of Gratuity Act, 1972 is determined by actuarial valuation as on the balance sheet date. The company contributes all the ascertained liabilities to SBI Life Insurance which administers the contributions and makes the payment at retirement, death, incapacitation or termination of employment.

n. Borrowing Costs

Borrowing costs that are attributable to acquisition or construction of qualifying assets are included as part of the cost of such assets.

o. Leases

Finance Leases, which effectively transfer to the company substantially all the risks and rewards incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the leased term, are classified as operating leases.

Operating lease payments are recognized as an expense in the Profit and loss account on a straight line basis over the lease term.

p. Provisions

- i) The company recognizes provision when there is a present obligation of the enterprise arising from past events, the settlement of which is expected to result in an outflow from the enterprise of resources embodying economic benefits which can be measured only by using a substantial degree of estimation.
- ii) Provision for contractual obligation has been provided for in accounts based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions.

q. Contingent Liabilities

The company recognizes contingent liability for disclosure in notes to accounts, if any of the following conditions fulfilled:

- i) a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise; or
- ii) a present obligation that arises from past events but is not recognized because:
 - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - a reliable estimate of the amount of the obligation cannot be made.

AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS OF BGR ENERGY SYSTEMS LIMITED

1. We have audited the attached Consolidated Balance Sheet of BGR Energy Systems Limited ("the Company"), its subsidiaries and Joint Venture entity (collectively referred to as 'the Group') as at 31st March 2010, the consolidated Profit and Loss Account and the Consolidated Cash Flow statement for the year ended on that date, annexed there to, which we have signed under reference to this report. These consolidated Financial Statements are the responsibility of the company's management and have been prepared by the management on the basis of separate financial statements and other financial information. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.
2. We have conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are prepared, in all material respects, in accordance with an identified financial reporting framework and are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of the subsidiary company and the Joint venture entity whose financial statements reflect the following as on 31.03.2010

(Rs.in Lakhs)

Name of the entity	Nature	Total Assets	Total Liabilities	Net Asset Value	Total Revenue
Progen Systems and Technologies Limited	Indian Subsidiary	1821.49	856.10	965.39	759.07
Mecon – GEA Energy System (India) Ltd. (JV)	Jointly Controlled Entity	5925.25	5930.31	(5.06)	-

These financial statements have been audited by other auditors' whose reports have been furnished to us, and in our opinion, in so far as it relates to the amounts included in respect of such subsidiaries and joint venture entity, is based solely on the report of the other auditors.

4. We report that the Consolidated Financial Statements have been prepared by the Company in accordance with the requirements of Accounting Standard 21, 'Consolidated Financial Statements' and Accounting Standard 27, 'Financial Reporting on Interests in Joint Ventures' as notified by Companies (Accounting Standards) Rules, 2006 and on the basis of the separate audited financial statements of the company, its subsidiaries and Joint Venture entity included in the Consolidated Financial Statements.
5. On the basis of the information and explanations given to us and on considerations in the separate audit reports on individual audited financial statements of the company and its aforesaid subsidiary and Joint Venture entity, in our opinion, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a. in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2010;
 - b. in the case of the Consolidated Profit and Loss Account, of the profit of the Group for the year ended on that date; and
 - c. in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

14. ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Conventions

The consolidated Financial Statements of the Group has been prepared in accordance with Accounting Standard 21, 23 & 27 on “Consolidated Financial Statements”. The Consolidated Financial Statements are prepared under historical cost convention and following the accrual method of accounting in accordance with the applicable mandatory accounting Standards notified by the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of Companies Act, 1956.

b. Principles of Consolidation

The basis of preparation of the Consolidated Financial Statements is as follows:

The financial Statements (The Balance Sheet, the Profit and Loss account and the Cash Flow statement) of the group have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances transactions and the resulting unrealized profit or losses.

The differential with respect to the cost of investments in the subsidiaries over the Company’s share of net assets of subsidiary is recognized as Goodwill or Capital Reserve, as the case may be. Minorities’ share of net assets is identified and disclosed separately in the Consolidated Balance Sheet.

Interest in the assets, liabilities, income and expense of the Joint Ventures are consolidated using proportionate consolidation method. The differential with respect to the cost of investments in the jointly controlled entity over the Company’s share of its net assets of the jointly controlled entity is recognized as Goodwill or Capital Reserve, as the case may be in line with AS-27 – Financial reporting of interests in Joint Ventures

Investments in Associates are accounted for using the equity method. The differential with respect to the cost of investments in the associate entity over the Company’s share of its net assets, is identified and disclosed as Goodwill or Capital Reserve, as the case may be in line with AS-23 – Accounting for investment in Associates in Consolidated financial statements. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the associate.

The consolidated Financial Statements are prepared using the accounting policies for like transactions and other events in similar circumstances except stated otherwise.

The list of enterprises, which are included in this Consolidate Financial Statements along with Nature of relationship, Company’s holding therein, is as under:

Sl No.	Name of the Company	Nature of relationship	Last reporting date of the enterprise as incorporated in Consolidated Financial Statements	Voting Power/ share of interest % as at March 31, 2010
1.	Progen Systems and Technologies Limited.	Indian Subsidiary Company	March 31, 2010	69.67%
2.	Mecon- Gea Energy System (India) Limited (JV)	Indian Joint Controlled Entity	March 31, 2010	10.00%

c. Use of Estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting year. Differences between the actual results and the estimates are recognized in the year in which the results are known / materialized.

d. Fixed Assets

Fixed assets are assets held with the intention of being used for purpose of producing or providing goods and services and is not held for sale in the ordinary course of business. The Cost of Fixed assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost to bring the asset to the working condition for intended use. Further any trade discounts and rebates are deducted in arriving at the cost.

Intangible assets are identifiable non-monetary assets, without physical substance, held for use in the production or supply of goods or services, for rental to others, or for administrative purposes. The intangible assets are separately acquired and are capable of being measured reliably. The cost of intangible asset comprises the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost on making the asset ready for intended use.

e. Depreciation & Amortization

Fixed assets are depreciated as per straight line method on all assets in accordance with the rates prescribed under Schedule XIV of Companies Act, 1956. Intangible assets are amortized over a period of 5 years through Straight Line Method.

f. Investments

Long term investments are stated at cost less provision for diminution in value other than temporary, if any. Short-term investments are valued at cost or fair value whichever is lower.

g. Earnings Per Share (EPS)

The earnings considered in ascertaining the company's Basic EPS is the attributable net profit or loss to the equity shareholders as per AS-20 "Earnings per Share". The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the period. The Diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

h. Revenue Recognition

- i) Sales are accounted on basis of despatches.
- ii) Sales include equipment billed but despatch of which is withheld at the request of the customer.
- iii) In respect of Construction contracts, executed over a period of more than one financial year, the company recognizes revenue on the basis of percentage of completion method as per AS-7 (Revised) "Construction Contracts".
- iv) Construction contracts revenue is based on the ratio of cost incurred to date to total estimated cost and physical work done as estimated by the technical staff.
- v) Other Income – a) Interest income is accounted at applicable coupon rates on respective investments on time basis. b) Dividend income is accounted as and when the right to receive arises.

i. Inventories

Raw materials, work in progress, consumables, stores and spares have been valued at cost, ascertained on weighted average basis. Work in progress value includes all direct costs and applicable production overheads to bring the goods to the present location and condition. Loose tools acquired during the year have been fully written off.

j. Foreign Currency Transactions

- i) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of acquisition. Monetary items are translated at the rates prevailing on reporting dates. The exchange difference between rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the reporting date is recognized as income or expense.

- ii) The company uses foreign exchange forward contracts to hedge its exposure to movements in foreign exchange rates. Forward contracts are not used for speculation purposes. The gain or loss on the forward contract is charged to the profit and loss account, proportionately over the duration of the hedge, in accordance with Accounting Standard 11 (Revised).

k. Cash Flows

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the company are segregated.

l. Income Taxes

Tax expense comprises of current tax, deferred tax and fringe benefit tax. Current tax is measured at the amount expected to be paid to the tax authorities. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between taxable income and accounting income which are capable of reversal in subsequent periods and are measured using relevant enacted tax rates.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company reviews the same at each balance sheet date and reverse the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

Tax on distributable profits payable by the company in accordance with the provisions of Income-tax Act, 1961 is disclosed in accordance with the guidance note on Accounting for Corporate Dividend Tax issued by ICAI.

m. Impairment of Assets

At every balance sheet date, the company determines whether the provisions should be made for the impairment loss on fixed assets by considering the indications that the carrying amount of the asset exceeds the recoverable amount as per recognition and measurement principles laid down in AS-28 "Impairment of Assets". For the purpose of impairment, assets are grouped as cash generating and non cash generating units for which there are separately identifiable cash flows.

n. Employee Benefits

- i) Short term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account for the year in which related services are rendered.

- ii) Defined Contribution plan:

Company's contributions paid/payable during the year towards Provident Fund, ESI and Medical coverage are recognized in the profit & loss account

- iii) Defined Benefit Plan:

Company's liability towards gratuity in accordance with The Payment of Gratuity Act, 1972 is determined by actuarial valuation as on the balance sheet date. The company contributes all the ascertained liabilities to SBI life insurance which administers the contributions and makes the payment at retirement, death, incapacitation or termination of employment.

o. Borrowing Costs

Borrowing costs that are attributable to acquisition or construction of qualifying assets are included as part of the cost of such assets.

p. Leases

Finance Leases, which effectively transfer to the company substantially all the risks and rewards incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the leased term, are classified as operating leases

Operating lease payments are recognized as an expense in the Profit and loss account on a straight line basis over the lease term.

q. Provisions

- i) The company recognizes provision when there is a present obligation of the enterprise arising from past events, the settlement of which is expected to result in an outflow from the enterprise of resources embodying economic benefits which can be measured only by using a substantial degree of estimation.
- ii) Provision for contractual obligation has been provided for in accounts based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions.

r. Contingent Liabilities

The company recognizes contingent liability for disclosure in notes to accounts, if any of the following conditions fulfilled:

- i) a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise; or
- ii) a present obligation that arises from past events but is not recognized because:
 - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - a reliable estimate of the amount of the obligation cannot be made.

DIRECTORS' REPORT

To the Members of
PROGEN SYSTEMS AND TECHNOLOGIES LIMITED

Your Directors have pleasure in presenting their report together with the audited accounts for the financial year ended 31st March, 2010.

FINANCIAL RESULTS

The summary of financial results of your company during the year under review are as given below ;

(Rs. in Lakhs)

Particulars	Year ended 31.3.2010	Year ended 31.3.2009
Income	759.07	1001.46
Expenditure	664.86	899.60
Interest	0.16	1.26
Depreciation	49.98	50.77
Profit after tax	43.60	47.58

RESULTS OF PERFORMANCE

During the financial year under review, your Company has earned an income of Rs.759.07 Lakhs as against Rs.1001.46 Lakhs during the previous year. The operating income of your company was lower compared to previous year, due to reorganization of manufacturing facility at your company's factory at Panjetty. Production of welded fin tubes was suspended for a period of nine months during the financial year. The reorganization of manufacturing facility were partially completed and operations resumed in the later part of the year. In view of these constraints, the income and profitability were lower compared to the previous year. During the year under review, your Company successfully executed contracts for Doosan Babcock, UOP India, BPCL, CPCL, IOCL and Boiler care, Malaysia.

FUTURE PROSPECTS

Your Company's holding company has entered into a License and Technology Transfer Agreement with Nooter / Eriksen, Inc., USA for Transfer and Licensing of technology for Heat Recovery Steam Generators ("HRSG"). Your company is gearing up itself for manufacture of HRSGs for its holding company. Your directors are confident that continued uptrend in capacity addition in power sector and setting up of more gas based power plants, would offer significant growth opportunities to your company in the years to come. Your company has now expanded its manufacturing capacity and facilities, which would enable your company to execute large value contracts. Your directors are confident with the active support of the holding company, your company would improve its turnover and profits in the future years.

STATUTORY INFORMATION

During the period under review, your company's foreign exchange earnings and outgo were Rs.48.39 Lakhs and Rs.16.00 Lakhs respectively. There were no particulars to be disclosed under Section 217 (2A) of the Companies Act, 1956. The manufacturing activities of your company are not energy intensive and hence disclosure of information relating to conservation of energy is not applicable to your company.

BOARD OF DIRECTORS

Mr.R. Ramesh Kumar, retires by rotation at the ensuing annual general meeting in accordance with provisions of the Companies Act, 1956 and he, being eligible, offers himself for re-appointment.

AUDITORS' REPORT

To the Members of
Progen Systems and Technologies Limited

Chennai – 600 018

1. We have audited the attached Balance Sheet of PROGEN SYSTEMS AND TECHNOLOGIES LIMITED as at 31st March, 2010, the Profit & Loss Account and the Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies Auditor's Report (Amendment) Order, 2004 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to in paragraph above, we report that: -
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of audit.
 - (ii) In our opinion, proper books of accounts as required by Law have been kept by the Company so far as it appears from our examination of such books.
 - (iii) The Balance Sheet, Profit & Loss Account and Cash Flow Statements dealt with by this report are in agreement with the books of account.
 - (iv) In our opinion, the Balance Sheet, Profit & Loss Account and the Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in Section 211 (3C) of the Companies Act, 1956.

- (v) On the basis of the written representations received from the Directors, as on 31st March, 2010 and taken on record by the Board of Directors, we report that none of the Directors is disqualified as on 31st March, 2010 from being appointed as a Director in terms of Clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

In our opinion and to the best of our information and according to the explanation given to us, the said accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- i. in the case of the Balance Sheet, of the State of Affairs of the Company as at 31st March, 2010
- ii. in the case of the Profit & Loss Account of the PROFIT on the Company for the year ended on that date; and

SCHEDULE – 12
ACCOUNTING POLICIES & NOTES ON ACCOUNTS
A. SIGNIFICANT ACCOUNTING POLICIES:
a. Accounting Conventions

The financial statements have been prepared under the historical cost convention and following the accrual method of accounting in accordance with the applicable mandatory accounting standards in India and provisions of Companies Act, 1956.

b. Use of Estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting year. Differences between the actual results and the estimates are recognized in the year in which the results are known / materialized.

c. Fixed Assets

Fixed assets are assets held with the intention of being used for purpose of producing or providing goods and services and is not held for sale in the ordinary course of business. The Cost of Fixed assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost to bring the asset to the working conditions for intended use. Further any trade discounts and rebates are deducted in arriving at the cost.

Intangible assets are identifiable non-monetary assets, without physical substance, held for use in production or supply of goods or services or for administrative purposes. The intangible assets are separately acquired and are capable of being measured reliably. The cost of intangible asset comprises the purchase price and any directly attributable cost on making the asset ready for intended use.

d. Depreciation & Amortization

Fixed assets are depreciated as per Straight-line method on all assets at the rates prescribed under Schedule XIV of the Companies Act, 1956. Depreciation for additions/deletions during the year are provided on pro-rata basis. Intangible assets are amortized over a period of 5 years.

e. Revenue Recognition

- i) Sales are accounted on basis of dispatches.
- ii) Sales include equipment billed but dispatch of which is withheld at the request of the customer.

f. Inventories

Raw materials, work in progress, consumables, stores and spares have been valued at cost, ascertained on weighted average basis. Work in progress value includes all direct costs and applicable production overheads to bring the goods to the present location and condition.

g. Foreign Currency Transactions

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of acquisition. Monetary items are translated at the rates prevailing on reporting dates. The exchange difference between rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the reporting date is recognized as income or expense.

h. Cash Flows

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the company are segregated.

i. Income Tax

Tax expense comprises of current tax, deferred tax and fringe benefit tax. Current tax is measured at the amount expected to be paid to the tax authorities using the applicable tax rates. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between taxable income and accounting income which are capable of reversal in subsequent periods and are measured using relevant enacted tax rates.

j. Employee Benefits

- i. Short term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account for the year in which related services are rendered.
- ii. Defined Contribution plan:
Companies contributions payable during the year towards provident fund, ESI and pension fund are recognized in the profit & loss account
- iii. Defined Benefit Plan:
Company's liability towards gratuity in accordance with payments of Gratuity Act 1972 is determined by actuarial valuation as on the balance sheet date.

k. Provisions

The company recognizes provision when there is a present obligation of the enterprise arising from past events, the settlement of which is expected to result in an outflow, from the Company.

l. Contingent Liabilities

The company recognizes contingent liability for disclosure in notes to accounts if any of the following conditions fulfilled:

- a. a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- b. a present obligation that arises from past events but is not recognized because:
 - it is not probable that an outflow of resources will be required to settle the obligation; or
 - a reliable estimate of the amount of the obligation cannot be made.
